Managing College Expenses

College is a time for fun, freedom, and new experiences. It can also mean a change in how a student lives. Many students go from living at home with most of their expenses paid by their parents to making their own financial decisions. It is easy to see how money can slip quickly away and it is a struggle to make ends meet at the end of the month. It is crucial for students to learn how to budget money. At times, budgeting can be a hard lesson to learn and could impact future goals.

The first step to becoming financially independent is being able to live within our means. To manage money, a student must identify what costs will be incurred. These costs can be broken down into two categories: fixed and variable. Fixed costs can include tuition/fees, rent, board (meal plan), car payments, insurance, and parking permits. Variable costs can include, but not limited to, entertainment, gasoline, food, utilities, hygiene necessities, clothes, books, and phone.

Once the costs have been determined, the student must identify the sources of income to cover the costs. It may be from employment, allowance from parents, or financial aid (grants, loans, work-study, and scholarships). If the student’s estimated expenses exceed their estimated income, they must identify ways to reduce their expenses or increase their income. The best way to recognize potential problems is to develop a budget to keep track of expenses and income. Listed below are 5 steps to manage a budget:

- Know what’s important (needs vs. wants)
- Set goals
- Know income and expenses
- Make a spending plan
- Stick to the plan!!!!!!

A worksheet is available on the next page for students to develop their own college budget.

Your Student Bursar Account

When you enroll as a student at Oklahoma State University in Stillwater, you agree to pay all charges on your account when due. You also acknowledge failure to make the required payment by the due date will result in the possibility of finance charges, on campus charging privileges revoked, inability to enroll in a future semester, and/or withholding of a transcript or diploma. You may view the university policy in the University Catalog online at http://registrar.okstate.edu/.

Your student bursar account is a record of charges, payments and applied financial assistance. Your student account number is your campus wide ID (CWID) number.

The electronic billing statement is designed to make transactions easier to understand and provide previous months’ billing information. A University Billing Statement notification will be sent by email. You must have an active O-Key email listed with Oklahoma State University to receive your notification. You can view your billing statement and make payments online through SIS at http://prodosu.okstate.edu.

Your billing statement summarizes semester charges, grants, scholarships, and/or loans that have applied to your Bursar account. Charges on your Bursar account may include but are not limited to tuition, fees, athletic tickets, library fines, parking permits, parking fines, and room and board charges. Other miscellaneous charges might include textbooks, Residential Life charges (such as Twenty Something), Student Store and supplies from the OSU Bookstore.

Statement notifications are emailed monthly and payments are due upon receipt. Charges that appear on your billing statement that are still unpaid after the 15th of the month are subject to a 1.5% monthly finance charge.

If you leave OSU with a balance, contact the Bursar Office to make payment arrangements. Any charges incurred by the University in an effort to collect on delinquent accounts will be assessed to and will be the responsibility of the account holder. Delinquent account information is disclosed to credit reporting agencies, which could endanger the student’s credit rating on a local or national level.

### Alternative Loans

Alternative Loans may be considered when a student has exhausted all other options for financing their education. Alternative Loans help bridge the gap between the actual cost of education and the limited assistance through federal programs. These loans typically have higher interest rates and fees associated with them than federal loans.

It is highly recommend that students apply for financial aid using the Free Application for Federal Student Aid (FAFSA) prior to seeking an Alternative Loan option. However, Alternative Loans can be used in place of federal aid due to circumstance such as loss of federal financial aid eligibility, to pay past balances, or when parents desire repayment options not available through the Parent Loan Program.

### How to Update Your Address Information

Only you, the student, can update your bursar address information. You may go online to SIS at [http://prodosu.okstate.edu](http://prodosu.okstate.edu) and make those changes.

If you are employed by the university, you will need to update the Payroll system to correct your address information at Web for Employees online at [http://prodosu.okstate.edu/](http://prodosu.okstate.edu/). If you have financial aid, you must inform the federal processor of an address change.

If you have Federal Perkins, Federal Health Professions or Murray Case Sells loans, you can update your loan billing address online at [https://borrower.ecsi.net](https://borrower.ecsi.net) or contact ECSI at (888) 549-3274 for assistance.
1098-T Forms

OSU provides information needed to complete tax returns on the 1098-T form. The amounts included on the 1098-T form have been transmitted to the IRS as required by federal reporting regulations. As a courtesy, Oklahoma State University summarizes IRS defined ‘qualified tuition and fees’, off-setting scholarships, personal payments, student loans, and interest paid for the tax year. The purpose of the summary is to provide financial information that may help you determine possible tax credits. In reviewing the bursar billing statement there are several fees that are excluded in calculating amounts reported on the 1098-T. These fees are Health Service, Transportation Service, Student Activity-athletic, Daily O’Collegian, Health Risk Assessment, and OSU-Tulsa Parking fees. You may access your 1098-T at http://prodosu.okstate.edu by clicking the bursar services link under payment info.

Oklahoma State University (OSU) is required annually to furnish students with a Form 1098-T, Tuition Statement, which reports qualified tuition and related expenses associated with a students enrollment at OSU. In order to prepare the forms accurately, Federal law requires students to furnish a correct taxpayer identification number (TIN). Generally, this number will be a Social Security Number (SSN) or, if the student is not eligible to obtain an SSN, they must obtain from the Internal Revenue Service (IRS) an individual taxpayer identification number (ITIN) and provide the number to OSU. The Form W-9S, is available at this link, http://www.irs.gov/pub/irs-pdf/fw9s.pdf to provide the correct SSN or ITIN.

Billing Statement and Finance Charges

The Bursar Office provides a monthly electronic billing statement on the last business day of every month detailing charges and payments that occurred during that month. The statement notification will be emailed to students and parent (as long as the student has provided their parents email address as an alternative email in TouchNet) at the beginning of each month.

Payment is due upon receipt of the statement. Any balance that is unpaid after the 15th will be assessed a finance charge of 1.5% or an annual percentage yield of 19.56% when computed from the billing date.

If your bursar account becomes past due, finance charges are added, enrollment for future semesters is not allowed, and transcripts and diplomas are not released until the past due balance is paid in full. Payments on accounts are applied to oldest charges first; specified application of the payment is not allowed except for housing.

Checks for payments should include the student’s name and CWID number to ensure accurate credit. If this information is not included, an employee will write this information on the check when a payment is made at the teller window.

Each semester, it is the student’s responsibility to check their individual bursar account to verify that University-administered scholarships and waivers, as well as external scholarships, have been credited to their account.

Contact the Stillwater or Tulsa Shuttle Office for ticket prices for service each way. Shuttle charges are billed to your bursar account. To make reservations, please call (918) 594-8334 or (405) 744-7100.

To contact the Bursar Office in Tulsa, please call (918) 594-8320. Their address is 700 North Greenwood, Tulsa, OK 74106.

NOC-OSU Gateway Program

Students who have applied for freshman admission to OSU but do not meet current admission requirements do qualify for admission to the NOC-OSU Gateway Program located at Northern Oklahoma College’s Stillwater campus. Graduates of accrediting high schools or other students whose high school class has graduated are eligible for admission to this program. The ACT is required for all applicants under 21 years of age. Applicants over 21 are not required to take the ACT but will be required to take placement tests in English, reading, and/or math. In addition to meeting NOC standard admission requirements, international applicants are required to provide a financial guarantee and demonstrate English proficiency.

Students admitted into the NOC-OSU Gateway Program must earn twenty-four (24) hours of college level credit through the program with a 2.25 minimum grade-point average. Gateway students are encouraged to work closely with OSU admissions personnel to ensure that they meet all admission requirements of the university.

Northern Oklahoma College offers a variety of courses for transfer to Oklahoma State University. Gateway courses transfer as a equivalent to specific OSU courses and meet general education requirements just as they would if taken at OSU. The availability of transfer guides, degree requirement sheets, and ready access to NOC and OSU academic advising offices help to ensure that Gateway students choose courses that apply to their eventual OSU degree.
Steps to Take Before Leaving OSU

Bursar Charges

A student who enrolls at Oklahoma State University incurs a financial obligation. Listed below are the standard student bursar charges with brief explanations.

**Tuition**

Tuition and fee charges are subject to change based upon an annual review and approval by the Oklahoma State Regents for Higher Education, typically in June, for the upcoming academic year.

In 2007, the State of Oklahoma signed into law allowing in-state, first-time, full-time students entering one of Oklahoma’s 4 year universities the option to choose between the standard variable tuition rate subject to change each fall versus a locked tuition rate that will be guaranteed to remain the same for up to four (4) consecutive years.

**Per Oklahoma Regents for Higher Education policy, students who receive tuition waivers do NOT have the option of choosing the locked tuition rate. More information about tuition waivers and other forms of financial aid is available at [http://www.okstate.edu/finaid](http://www.okstate.edu/finaid).**

To learn more about the Tuition Lock Information, visit [http://newstudents.okstate.edu/lock](http://newstudents.okstate.edu/lock)

**Resident tuition**: charges incurred by in-state residents for each credit hour of course enrollment. The standard tuition rate structure varies according to the level of the course. Undergraduate division, graduate division, and Veterinary Medicine courses have different tuition rate structures.

**Non-Resident tuition**: charges incurred by non-Oklahoma residents for each credit hour of course enrollment.
Fees

Fees are implemented only after careful scrutiny, and always in an effort to contribute to the betterment and general welfare of the campus community, as well as the individual students. In fact, the process of implementing fees consists of a detailed request form that outlines why a new or increased fee is necessary, and exactly how the funds will be utilized. In addition, part of the approval process required by our OSU Regents and the Oklahoma State Regents for Higher Education, is to meet with various student organizations to explain and receive feedback on each potential new or increased fee. Interestingly, there are numerous fees that have been implemented and/or raised due to student-driven initiatives.

**Student Activity Fees**: The activity fees provides partial support to such programs, services and organizations as the Student Government Association, Collegial Student Councils and related student organizations, Allied Arts, fine arts, athletics, intramural activities, sports clubs, minority student organizations, and the Student Activities Office. User's fees, other fund-raising activities, and in some cases, membership dues provide the remaining support to make these positive, constructive, and meaningful programs and services available to all students.

**Student Activity Fee-Athletic Bond**: This fee provides funding for the renovation of the University athletic facilities.

**Advising and Assessment Fee**: The assessment fee provides for skills assessment and the evaluation of students’ capabilities at various stages of their academic careers, and to get feedback from students regarding their course work. This fee also supports the commitment to academic advising within each college to create a collaborative decision-making framework which students can identify and realize their educational goals. The goal is to preserve personalized advising services, reduce the advisor/student ratio in high demand areas and to develop advising technology such as degree audit systems to support an increased graduation rate. Support is also provided to students with career development, employment and internship services including expanding interview opportunities, placement preparation, and other programs related to success after graduation.

OSU offers scholarships through the Admissions packet when a student enters their freshman/transfer year. Once a student completes their first year at OSU, there is a scholarship for continuing and re-admitted undergraduates. Scholarships are also available through a student’s academic department. For more information visit the financial aid website at [http://www.okstate.edu/finaid/scholarships/guide_to_schol.html](http://www.okstate.edu/finaid/scholarships/guide_to_schol.html).

**Short-Term Emergency Loans**

Short-term emergency loans for students are available through the Office of Scholarships and Financial Aid during the semester. A student can borrow up to $300 to help pay unexpected non-university expenses. There is a $10 processing fee for this loan. This processing fee will be deducted prior to releasing a check. The student must have a valid reason for the loan and a good repayment source. For more information contact the Financial Aid Office in 119 Student Union or call (405) 744-6604.

**Student ID Cards**

ID Services in 113 Math Sciences issues ID cards at the time of enrollment. Your OSU ID card is your key to the OSU campus which allows you to do several things on campus with ease and speed. Contact ID Services at (405) 744-8434 for questions or to report it lost/stolen. It is important to report the date and time the card was lost/stolen. A lost ID card may only be picked up by the card owner upon presenting picture ID. If the ID has not been turned in, ID Services can, upon request, temporarily deactivate the card. A new ID card can be created, which deactivates the missing card and $17.00 will be charged to your Bursar account. You should also contact the OSU Police Department, Found Property Clerk of the OSU PD at 744-6527 to report the date and time the card was lost/stolen.

Below are many of the great uses for the OSU ID card.

- **Meal Plans** - to purchase visit Student Union Dining Services
- **Colvin Center access** - to enjoy recreation at the Colvin Center
- **Door access** - to open access to restricted buildings and labs
- **Library** - to check out books and reference material
Tuition Waivers and Scholarships

Tuition waivers are awarded by university offices or academic departments and authorized by the Office of Scholarships and Financial Aid. Waivers are credited against a student’s tuition. Non-resident tuition waivers can be used to reduce a student’s non-resident tuition up to the total amount awarded each semester. Tuition waivers cannot be used to pay enrollment fees or other charges on a student’s account. Waivers cannot be converted into cash or held for another semester or academic year.

Non-OSU scholarship checks should be taken to the Bursar Office in 113 Student Union for processing.

The Bursar Office complies with federal financial aid guidelines where outside scholarships are intended to meet college costs for the academic year and are divided in ½ between the Fall and Spring semesters unless stipulated in the documentation to be a semester only scholarship. This guideline assists students to have sufficient funds to attend the entire academic year, not just the first semester.

The student is responsible for verifying that financial assistance has been posted to his/her account prior to the payment deadlines to avoid finance charges or other university sanctions.

Applying for Scholarships

Students should not overlook scholarship opportunities within their community. Often there are scholarships available through community-based organizations (i.e. Lion’s Club, Rotary, Elks, etc.) as well as through churches, schools, and local businesses/employers. There are also many scholarships available on the web. It is very important to apply early and check for scholarship deadlines.

Facility Fee: Students regularly enrolled in the University are assessed facility, health, and activity fees that entitle them to use the Student Union, the Colvin Physical Education Center, and the Health Clinic, and the provide support for student governance, organizations and programs.

Academic Facilities Fee: This fee funds renovation, maintenance, and construction of classroom and other academic facilities necessary to support demands contemporary instruction.

Academic Excellence Fee: This fee provides for new faculty positions and/or help increase existing faculty salaries up to peer averages. In order for OSU to remain competitive and provide the best opportunities for growth and education for our students, it is imperative that we are able to recruit and retain outstanding faculty. Historically OSU faculty salaries have always been below our peer average. This trend became even more pronounced several years ago when higher education institutions in Oklahoma suffered multiple years of budget-cuts in state appropriated funds. While OSU strives to have a moderate raise program each year, to make up the affects of those budget-cut years, we dedicated additional funds to improving faculty salaries above and beyond our annual raise program, as well as adding faculty to improve our student-faculty ratio.

Library Automation and Technology Fee: The library automation and mainframe fee defrays the cost of equipment, software, and other aspects related to operating the on-line computerized library service. These fees protect student access to heavily-used electronic journals and on-demand information services despite escalating costs and the termination of services by outside library agencies.

Health Service Fee: The health service fee, which includes a fee for comprehensive health and pharmacy services. Health and pharmacy services are available to students enrolled in six or fewer hours per semester if the student chooses to pay the full fee.

Academic Records Maintenance Fee: The Records Maintenance Fee provides for basic graduation cost, maintenance of the academic record system, and issuance of official transcripts.
**Student Union Renovation Fee:** The fee is used for renovations and enhancement to the union. This fee will benefit students and the campus for many years to come. Over the past years, students and administrators have recognized that the “quality of life” facilities provided by the 54-year-old Student Union have become outdated and do not support the type of campus life that today’s university students expect. Some examples include improvements to the following: availability of computer kiosks and wireless connectivity, food service seating space, product mix and service style of merchant shops, and mixes of quiet study and lounge space. These renovations include considerations to infrastructure (mechanical, electrical, plumbing, and structural) as well as to accessibility and traffic flow within the building and improved merchant space.

**University Technology Infrastructure Maintenance Fee:** The technology fee provides for the maintenance of existing facilities, and the expansion and development of central and collegiate facilities, software, and multimedia capabilities. This fee also supports the IT infrastructure which is dedicated to covering increasing costs in multiple areas, including network and system infrastructure, hardware and software costs and communications. Priority is to upgrade system security in an effort to prohibit University computer networks from being susceptible to hackers.

**Student Development Initiative:** This fee is used to support student participation in orientation efforts which are linked to recruitment and retention of freshman as well as transfer students. Development and leadership opportunities for minority students is also provided by these resources. It is also used to support campus life to cover costs for the guest speakers series, Student Union programs, and Student Union Activity Board. The off-campus student organization initiatives such as Renter’s Fair, Renter’s Advisory Council, and the printing of a housing guide also receive an allocation from this fee.

**Daily O’Collegian Fee:** The fee supports the production and distribution of the newspaper, the Daily O’Collegian, which is an award-winning campus newspaper.

Health Risk Assessment Fee: All new students are required to complete a physical examination. OSU Board of Regents’ policy allows two options to satisfy this requirement: the student may complete a Health Risk Assessment furnished by OSU during the first semester; or the student may go to a physician of choice at his or her expense, have a physical exam, and submit the physical exam report to the Seretean Wellness Center. New students will automatically be billed for the Health Risk Assessment fee during the first semester of enrollment. Students exercising the second option will have the fee waived upon receipt of their physical exam forms at the Seretean Wellness Center by the eighth week of the semester.
**College based fees:** Each college have certain courses, special services, supplies or equipment used. Costs for these are not normally covered by fees, tuition or departmental operating budgets and, therefore, the cost are incurred by the student. These fees are used for enhancements in instruction, technology, and facilities.

**Special Billing to Third Parties**

Some third parties providing scholarships and/or tuition funds require a bill mailed directly from the Bursar Office in 113 Student Union. The scholarship sponsor should provide a letter requesting us to bill the sponsor. The letter should include the name and address of the organization, what costs will be covered, dollar amount, and the semester(s) the award will cover. Scholarships are split between fall and spring to compile with federal financial aid guidelines unless specified in the letter. Authorization should include any other information to ensure proper billing. Students should check with the Bursar Office Scholarship area to verify the processing has been completed and confirm any remaining balance owed not covered by the scholarship. OSU Payment Option Plan (POP)

In efforts to assist our students in meeting financial obligations, Oklahoma State University offers a semester-based payment option plan (POP) as an alternative to the traditional lump-sum payment method. This plan provides an opportunity for families and students to pay University-billed expenses in regular monthly payments. To help calculate your estimated expenses use the POP Budget Supplemental Worksheet available online at http://bursar.okstate.edu under forms.

Participation in the Payment Option Plan will be limited to currently admitted students for the academic year, excluding the summer session. The semester-based plan is based on charges/credits reflected on the account. If you are receiving financial aid, aid will be applied to your account; however, monthly payments will be determined by what has been charged/credited to your account. Monthly payment amounts will change due to additional charges or credits. Early enrollment in this program is recommended, although you may enroll until September 15th for the fall semester and until February 15th for the spring semester.

To participate in the Payment Option Plan, students can sign up online through SIS by clicking the payment option plan link under payment info. The student can set up an authorized user to have access to their payment plan. The authorized user access link is located on the bursar website at http://bursar.okstate.edu.

Involvement in the POP requires an application fee of $25 per semester but no finance charges will be assessed to your account as long as you make the required monthly payment by the 15th of each month.

University Health Services (UHS) Charges: Students who use the Student Health Center and Pharmacy will be charged for these services on their bursar account.

Athletic Tickets: Tickets are an optional charge which allows students to attend home OSU athletic events.

Allied Arts and University Theater: Oklahoma State University brings performers and performances from around the world to Stillwater. An Allied Arts ticket from the OSU Theater Department will allow student access to these performances throughout the year. Ticket charges appear on your account.

Bursar Optional Charging Policy

Oklahoma State University extends bursar optional charging privileges to students in order to facilitate use of campus based services. However, charging privileges can be revoked due to a past due account. The purpose of this policy is to help reduce student exposure to an unmanageable bursar balance and to maintain continuous enrollment at OSU by keeping the balance low enough to be paid off each semester.

An automatic hold is placed on a student’s account with a past due balance of $500 or greater; email notifications are sent. In order to reinstate charging privileges on campus, the account must be paid in full.

Payments are accepted in 113 Student Union by cash, cashier’s check, money order. Payments by cashier check or money order may be mailed to the Office of the Bursar, P.O. Box 1583, Stillwater, OK 74076. Credit Cards accepted are MasterCard, American Express, VISA and Discover (a 2.75% convenience fee or a $3.00 minimum will be added to all credit card bursar payments). Credit card payments are ONLY accepted online at http://prodosu.okstate.edu.

If there are extenuating circumstances, or you have documentation of scholarships or financial assistance for the current semester that has not yet applied to your account, please visit with the financial counselor located in 113 Student Union to re-instate your charging privileges.

Consequences of Returned Checks

Returned checks can cause a serious problem for the person who issues the check. In the case of a returned check, your bursar account will be assessed a fee, as well as a finance charge, if applicable.

Any returned check, unpaid by your bank, will be charged back to your bursar account, with an additional $25 charge. A returned check creates a flag on your bursar account, barring use of personal checks for the remainder of the semester, unless you receive special clearance from Bursar Debt Management. Any student who issues three bad checks is permanently barred from using personal checks at OSU.

If a returned check remains unpaid, the check may be referred to the District Attorney or an external collection agency for collection and will incur additional costs associated with collections.

Financial and Exit Holds

**Financial Hold** - A Bursar financial hold is placed on a student’s account whose balance is past due, barring enrollment in a subsequent semester.
